

Footer Specification

Purpose

The footer should act as the final trust-building section of the website. It should provide quick navigation, legal information, contact details, and reinforce Framkant Nordic's brand positioning. It should feel clean, premium, and organized—not cluttered.

Layout

Use a 4-5 column responsive layout with generous spacing. On mobile, stack columns vertically while maintaining clear hierarchy.

Column 1 – Brand

Display the Framkant Nordic logo, followed by a short brand statement: 'Building long-term digital growth systems for ambitious businesses.' Include a primary CTA button: 'Book a Free Growth Analysis'.

Column 2 – Navigation

Home, Industries, Services, Case Studies, Resources, About, Contact.

Column 3 – Services

Website Design, Local SEO, CRM, Marketing Automation, AI Chat, Google Ads, Meta Ads, Review Management, Analytics & Reporting.

Column 4 – Industries

Beauty Industry, Cleaning Companies, Construction (Coming Soon), Landscaping (Coming Soon), Dental Clinics (Coming Soon), Accounting (Coming Soon).

Column 5 – Contact

Email, phone number, business address (if applicable), business hours, and a link to the contact page.

Company Information

Display the registered company name, organization number, and country of registration.

Social Media

Include only active platforms (e.g. LinkedIn, Facebook, Instagram). Use minimal outline icons with subtle hover effects.

Legal Links

Privacy Policy, Cookie Policy, Terms & Conditions. Place them together in a dedicated legal area.

Bottom Bar

Display copyright notice (e.g. © 2026 Framkant Nordic. All rights reserved.) and a small note: 'Designed and developed by Framkant Nordic.'

Design Guidelines

White background, subtle top border (#E5E7EB), dark typography, Framkant Blue hover states, generous whitespace, minimal iconography.

UX Goals

Visitors should always be able to find key pages, services, legal information, and contact details within seconds. The footer should reinforce trust and provide a clear final opportunity to convert.
