

Recommended Landing Page Structure

1. Hero Section ★★★★★

This section is responsible for most of the page's impact. It should immediately answer four questions:

- What do you do?
- Who do you help?
- Why are you different?
- What should I do next?

Example Headline

The Digital Growth Partner for Businesses That Want to Grow Locally.

Supporting Copy

We take full responsibility for your digital presence—from your website and local SEO to CRM, automation, and lead management. You focus on running your business. We take care of the rest.

Primary Call-to-Action

- Book a Free Growth Analysis
- 4-Month Trial Period
- Money-Back Guarantee

Right Side

A clean, minimal contact form.

Keep it simple.

- Name
- Phone
- Company
- CTA Button

No unnecessary fields.

2. Social Proof

I would move this section directly below the Hero.

Why?

The visitor's first question is:

"Can I trust these people?"

Show:

- Google Reviews
- Number of businesses helped
- Number of websites built
- Number of automations implemented

or

- Client logos

The goal is to establish credibility immediately.

3. Why Businesses Choose Framkant Nordic

Instead of a generic "What We Do" section, focus on **why** businesses choose to work with you.

Use four large value cards.

We Take Full Responsibility

No more coordinating multiple suppliers.

We Build Systems

Not just beautiful websites.

We Think Long-Term

We continuously optimize and improve.

We Only Win When You Win

- 4-month trial period
- Money-back guarantee

This is far more compelling than simply listing services.

4. Industries We Serve

This structure is perfect.

Use two large industry cards.

Beauty Industry

Examples:

- Hair Salons
- PMU Clinics
- Beauty Studios
- Skin Clinics

Cleaning Industry

Examples:

- Residential Cleaning
- Move-Out Cleaning
- Commercial Cleaning

Closing Statement

We currently specialize in these industries but also work with businesses where every new customer represents significant long-term value.

This keeps the door open for future expansion.

5. How Our Partnership Works

Instead of long paragraphs, use a clean visual timeline.

1. Discovery

↓

2. Planning

3. Website & CRM Setup

4. Launch

5. Continuous Optimization

Simple.

Easy to understand.

Easy to remember.

6. What's Included

Now it's time to introduce the services.

Not before.

By this point, visitors already understand that Framkant Nordic delivers **a complete digital growth system**, not individual services.

Include items such as:

- ✓ Website Design
- ✓ Local SEO
- ✓ CRM System
- ✓ AI Chat
- ✓ Review Management
- ✓ Marketing Automation
- ✓ Online Booking
- ✓ Call Tracking
- ✓ Google Ads
- ✓ Meta Ads
- ✓ Analytics & Reporting

7. Business Cases

This should be one of the strongest sections on the website.

Don't simply say:

"We built a website."

Instead, structure each case like this:

Hårakuten

Problem

↓

What We Built

↓

Results

T Glow Studio

Problem

↓

What We Built

↓

Results

Future case studies could include:

- Cleaning Company
- Construction Company
- Landscaping Business

and more.

8. Client Reviews

Place testimonials **after** the case studies.

Business cases demonstrate facts.

Reviews create emotional trust.

Together, they become extremely powerful.

9. Frequently Asked Questions

Address the most common concerns:

- How long does the process take?
 - Do we own the website?
 - How does the guarantee work?
 - How does the 4-month trial work?
 - Can you improve our existing website?
 - Do we need any technical knowledge?
-

10. Final Call-to-Action

Instead of simply saying:

"Book a Meeting"

End with something stronger.

Ready to Take the Next Step?

Let us analyze your digital presence and show you how we can help your business grow.

Include another simple contact form.

One Important Section I'd Add

Why Framkant Nordic?

This section should not be about services.

It should not be about your process.

It should communicate your identity.

For example:

We don't believe in one-off projects.

We believe in long-term partnerships.

We don't just build websites.

We build complete digital systems that help businesses grow over time.

When you succeed, we succeed.

This section builds your brand, communicates your philosophy, and clearly differentiates Framkant Nordic from traditional agencies.
